1 ELIGIBLE CANDIDATE

Patrick Guirguis

As a banking professional of over 16 years and a member of NMSC for over 15 years Coaching and as Player from the 80's; including 5 total years on the NMSC Board of Directors, I feel that I have a balance of Non-For-Profit expertise balanced with the principles of financial and operational transparency. Having been an active part of NMSC's growth over the years has given me a unique insight not only of where we are headed but where we have come from. Governance within a Club of so many stakeholders is a delicate and nuanced job. Over the years I feel my skill of bringing people together and working towards a common North Miss goal has been my asset to the Club. Over the decades at NMSC I have remained connected to all facets of the club, from the OPDL, High Performance, to the grassroots and recreational programs, listening to those that have great ideas and trying to implement them at the governance level. My passion for the club is real and long serving. I feel with the notion of bringing people together and listening to the many great voices within OUR Club, we can continue to be a beacon of inclusive soccer in our region and more importantly OUR Community.
