IMPORTANCE OF TECHNICAL STAFF FOR U3-U9

- At NMSC, we incorporate technical staff coaches for players in our U3-U7 programs. Our U8/U9 division will be run by volunteers with the support of our Technical Staff.
- Having a dedicated coach with knowledge of coaching children will help foster the development of both new players and ones who have previous experience.
- Our technical coaches have completed Canada Soccer courses related to the age group they are coaching, as well as Coach Association of Canada courses on Respect in Sport, Making Ethical Decisions, Making Headway, Understanding The Rule Of Two & Emergency Action Planning.

SESSION DESIGN

- Session plans for U3-U7 players are designed by our Technical Coordinator, Anthony Gallo.
- Anthony is a **National C Licensed Certified** and a **Canada Soccer Children License Trained coach**.
- Our sessions incorporate the four-corner development model - **Technical/Tactical**, **Social/Emotional**, **Psychological**, and **Physical**.
- Our philosophy is to develop individual and creative players. To achieve this, we believe in a game-based training style for the U3-U9 age groups.
