

Program Outline- 2026 Junior Reds Program - Fall Indoor (U6-U13 Boys & Girls)

PROGRAM OVERVIEW

We are excited to continue our newest program for the 2026 Fall season! The Junior Reds Academy is a training program that also includes game play. It ensures our players a smooth progression in their soccer journey and allows them to join NMSC Grassroots (U8-U12) or Competitive (U13+) programs, depending on their individual journey and current team availability.

KEY ELEMENTS OF THE PROGRAM

1. **Specialized Training:** While maintaining the core essence of our Grassroots philosophy, the Program offers a unique curriculum that focuses on the Canada Soccer Children's Diploma and uses a game-based methodology to engage players.
2. **Internal Competitive Play:** Competition within the game is key to player development.
3. **Dedicated Coaching:** Our experienced coaching team will provide personalised attention, ensuring each player is on the right path for development and progression.
4. **Pathway to Grassroots:** Player progress is regularly monitored by our Recreational Program Manager, and players may be invited to join the Grassroots program.

COMMITMENT

The program prepares players for the Grassroots pathway and requires them to demonstrate dedication and commitment to all their team events. The Fall program runs from October to December. To fully prepare for the Grassroots pathway, players should attend every week.
